I do not think there is any other quality so essential to success of any kind as the quality of perseverance. It overcomes almost everything, even nature.

-John D. Rockefeller

ERIC N. GEE

Eric Gee is an associate who works out of our Fresno office in our Healthcare and Business & Finance practice groups. His practice focuses on healthcare providers, including physicians, medical groups and hospitals. He assists clients with a variety of corporate and transactional needs and helps them navigate the complex regulatory framework that governs healthcare delivery.

As a Pharmaceutical Chemistry major in college, Eric has always been interested in the healthcare industry, and his analytical abilities combined with his love for solving complex problems led him to law school. As an attorney, Eric receives great satisfaction in thinking creatively to address problems for his clients – and that every day brings something new and different in the legal profession.

Away from work, you'll often find Eric backpacking in the many national parks and forests of The Sierra. He also loves to golf and is an avid runner. On the weekends, you'll also find Eric exploring the many farmers markets around Fresno, or grabbing tacos from one of the area's excellent food trucks.
